

# COM-DEX - MOBILE PHONE

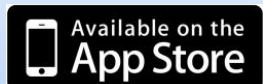

JANUARY  
2016

## COMPATIBILITY GUIDE

**COM-DEX** is compatible with all Bluetooth mobile phones from a wide range of manufacturers. The list below is the names of the specific mobile phone models that can be used.

- The COM-DEX is possible to pair with the mobile phone and you will be able to use several features incl. direct streaming.
- You can connect the COM-DEX to your smartphones and use different features but music streaming will not work.
- COM-DEX App is possible to use with some models, which is indicated by the blue dot.

**COM-DEX App:** Our new COM-DEX App provides convenient control of hearing aid volume, sound directions and program settings from users.

**COM-DEX App** is optimized for iPhones using operating systems iOS 8 and iOS 9, and works with iPhone 4S and newer.

**COM-DEX App** is optimized for Android smartphones using operating systems Android 4.4 and newer Android versions.

Disclaimer: Widex cannot guarantee that all iOS and Android versions of the respective operating system mentioned above will work with the COM-DEX App.
